

SEGUIN MANUEL

I'm excited! We have just landed new stocks of Seguin Manuel wine, originally, we only stocked a small amount of their Chardonnay but this time we have managed to secure some Red Burgundy as well. Seguin Manuel was originally founded in 1824 and 180 years later was bought by Thibaout Marion. Thibaout at 45 years old was born in to a "vigneron family" that has been involved in the wine business in Beaune for 10 generations. He started at the family winery Chanson Pere & Fils and worked there for 7 years. Today he uses all of his energy and experience to make the best wines he can. He has slowly acquired more land and has also been growing organically for a number of years and certification is pending. His belief is simple "beyond my deep respect for the vineyards and wines of Burgundy, I never forget that this divine beverage is a means to share moments of friendship".
